A rising number of individuals are looking to content production to make money. But, even if youâ€™re searching for a second income or a full-time job as an adult influencer, several platforms can help you get there. **Platforms like Only Fans have surged in prominence as celebrities turn to tools to help them maintain their audience and promote their content.**

Many creators are searching for possible sites like Onlyfans to safely use it as a potential Onlyfans alternative and make money. As a result, we **have a listed number of platforms that should be added as potential Onlyfans Alternatives.**

According to a [BBC report](#), as some content creators on the platform use it for illegal sex videos and money trafficking, Onlyfans decided to [stop letting Onlyfans creators](#) upload adult or more sexual intense videos.

However, OnlyFans has chosen to remove the majority of the adult content from their site by implementing new Terms of Service, making it hard for their members to continue to post the stuff their followers have developed to anticipate. The revelation sent the whole business into a frenzy as individuals rushed to discover an alternative.

## 2. Join Flirt101

Flirt101 is one of the best and potential Onlyfans alternatives where you can make money by charging a membership fee like Onlyfans but also make money through having phone sex and phone sexting with your fans and let them pay you for every minute you have sext with them.

You can join Flirt101 here: [Join Flirt101 as a Creator](#)

## 3. xModel by Adent.io

[xModel](#) is an Onlyfans alternative that provides customized solutions to Onlyfans creators to start making money with 0% commission. All you need to do is buy their one-time license, and you get 100% of the money for your lifetime. In xModel, creators can make money by selling their subscriptions, selling their custom content as pay-per-view, making money selling their merchandise, and you can also go for live streaming or camming.

Onlyfans doesn't give you discoverability or exposure to your content; you are the one bringing users, and they can suspend your account any time. This is why you can run a sustainable brand on xModel as an adult content creator.

## 4. Sell Feet Pics on FeetFinder:

FeetFinder is an amazing website where feet sellers can make money and can get discovered very easily. You can make money on FeetFinder in two ways; first, you can make money on FeetFinder by uploading your feet pics and making Feet albums. Feet Albums could be bought multiple times. You can also make money on FeetFinder by creating a fan page and getting paying subscribers. FeetFinder is the #1 website for feet sellers to make money. Join [FeetFinder here as a creator](#).

## 5. CLIQ:

## 7. iFans:

One of the most unique creator platforms that allow content creators to earn even more money is iFans. Any time you @mention, another creator on iFans, you get half of all the new fans's™ payments to that creator! That includes subscriptions and tips.

When you get new fans through this method, you can see which creators referred the fans, giving you the ability to maximize your "Share-for-Share"™ (Also known as "SFS," or "S4S") efforts.

**Picture this:** You @tag another creator on iFans, and they do the same for you. This mutual shoutout gives you both the ability to gain new fans through each other's™ audience.

This is a very popular way that content creators grow their fanbase. Now imagine you do this with 5 other content creators in 1 day. With iFans, you'll be able to tell which shoutouts your new fans came from.

So if you got 15 new fans from Creator A, while the other 4 creators'™ posts don't even add up to 15 new fans, you'd know that the SFS with Creator A was the most effective.

Going forward, you'll know that doing more SFS with creator A makes more sense! This powerful feature helps you grow your earnings up to 2-3x faster than with OnlyFans and is found nowhere

else!

Whether itâ€™s on Instagram, Snapchat, Reddit, etc.. anyone who brings a fan to a creator will also receive half of all payments that fan makes to that creator! All of these features give a massive incentive for accelerated fan growth! You can Join iFans as a creator here: [Join iFans](#)

## 8. Scircle Connect:

If you want to go for a potential Onlyfans alternative where you donâ€™t need to worry about the ban on your adult content, Scircle connects the best platform that could offer you such a solution.

You can build an independent empire for yourself using this platform. In Onlyfans, you are the one who brings viewership or fans to their platform, and they still charge you 20% of every transaction; Scircle Connect charges you 0% of the transaction.

They have all the options for you, like letting people tip for you, going for a live-audio call on a Pay-per-minute basis, and live to broadcast. So you have every opportunity that Onlyfans provides you but with more security. You can [check out the platform here with a 14-days free trial](#).

## 9. Fanpage.tv: A site like Onlyfans

**Fanpage dot TV is one of the best sites like Onlyfans**, where you can live stream with the subscribers, send bulk private messages, and get 80% of the commission with fast weekly payouts. **They also have a service to let you get a custom domain for a very limited price. Getting a custom domain means you can build your own brand right using the infrastructure of Fanpage.**

On Fanpage, you have the choice to make your post available for paying subscribers or make it free. It is one of the competitive advantages of Fanpage over Onlyfans.

You can [join Fanpage here](#).

## 10. ManyVids

ManyVids offers live broadcasting and streaming video services and bills as its own â€œone-stop-shopâ€ for your fans. The only location where information may be shared is on the website. ## PS: Onlyfans alternatives: Sites like Onlyfans for content creators

If none of the businesses on this list attracts you, you may create your unique website and receive 100% income. It is also straightforward to develop and manage a website nowadays.

There are many websites where you can host your content and sell your adult content. You can choose any of the platforms and be happy that these platforms are the ones where you can freely and without worrying about anything start creating content.

On some of the sites like Onlyfans we have mentioned, you have a fully Onlyfans-like experience. In contrast, you can pay to develop a fully functional, independent adult-based subscription platform that you own only on other sites.

You won't have to worry about altering partnership conditions, constraining your inventiveness, or having significant proportions deducted from your revenue. You may have a website up and running in a few days, complete with a subscription model and your items for sale. Everything is in one spot.
